

THIRD HAND

Whisper

Type: Summoning Rite

Performing: Action

Range: 30 feet

Duration: Concentration, 10 rounds

A spectral, floating hand not from this world appears at a point you choose within range. The hand lasts for the duration. The hand vanishes if it is ever more than 30 feet away from you or if you perform this rite again. When you perform the rite, you can use the hand to manipulate an object, open an unlocked door or container, stow or retrieve an item from an open container, or pour the contents out of a vial.

As a Rite action on your later turns, you can control the hand thus again. As part of that action, you can move the hand up to 30 feet.

The hand can't attack, or carry more than 10 pounds.

ARMS OF HADAR

Level 1

Type: Summoning Rite

Performing: Action

Range: Self

Duration: Instantaneous

You invoke Hadar, the Dark Hunger Between the Stars, causing writhing tendrils to erupt from your body and lash out at nearby creatures.

Each creature in a 10-foot Emanation originating from you must make a Strength saving throw.

On a failed save, a creature takes 2d6 Acid damage and can't take Reactions until the start of its next turn. On a successful save, it takes half as much damage only.

Using Higher-Level Strain. The damage increases by 1d6 for each Strain level above 1.

HADAR'S GRASP

Level 2

Type: Summoning Rite

Performing: Action

Range: 60 feet

Duration: Concentration, up to 10 rounds

You invoke Hadar, the Dark Hunger Between the Stars, causing a massive black tendril to erupt from the ground beneath a creature you can see within range.

The target must make a Strength saving throw.

On a failed save, the target takes 2d6 Bludgeoning damage and gains the Restrained condition.

On a successful save, the target takes half as much damage and suffers no additional effects.

At the end of each of its turns, a Restrained creature can repeat the saving throw, ending the condition on itself on a success.

The tendril remains in its space for the duration. If the tendril is not currently Restraining a creature, a creature that enters a space within 5 feet of it for the first time on a turn, or starts its turn there, must make the saving throw against this Rite. On a failed save, the creature takes 2d6 Bludgeoning damage and becomes Restrained by the tendril.

If a creature dies while Restrained by the tendril, Hadar claims its victim. The creature and everything it carries vanish into the void between the stars, and the Rite immediately ends.

Using Higher-Level Strain. The damage increases by 1d6 for each Strain level above 2.

UNKNOWN REALM

Level 3

Type: Summoning Rite

Performing: Action

Range: 120 feet

Duration: Concentration, up to 10 rounds

By your words an unknown realm will appear in a 30-foot Cube within range. The realm appears for a moment and then vanishes. Each creature in the area who can see the realm must succeed on a Wisdom saving throw or suffer 2 Madness, have the Incapacitated condition and a Speed of 0. The condition will remain for the duration or end for an affected creature if it takes any damage or if someone else uses an action to shake the creature out of its stupor.

HADAR'S BLACK TENTACLES

Level 4

Type: Summoning Rite

Performing: Action

Range: 90 feet

Duration: Concentration, up to 10 rounds

You invoke Hadar, the Dark Hunger Between the Stars, tearing open a brief passage for its writhing limbs to enter the world.

Squirming black tentacles fill a 20-foot square on ground you can see within range. For the duration, the area is Difficult Terrain.

Each creature in the area must make a Strength saving throw. On a failed save, a creature takes 3d6 Bludgeoning damage and has the Restrained condition until the Rite ends. On a successful save, a creature takes half as much damage and isn't Restrained.

A creature must also make this save when it enters the area for the first time on a turn or ends its turn there. A creature makes this save only once per turn.

A Restrained creature can take an Action to make a Strength (Athletics) check against your Rite save DC, ending the condition on itself on a success.

CALL LESSER STARBORN

Level 6

Type: Summoning Rite

Performing: Action

Range: 90 feet

Duration: Concentration, up to 20 rounds

You invoke a Patron from beyond the stars, tearing open a fleeting breach in reality and calling forth one of its lesser servants.

A Lesser Starborn manifests in an unoccupied space you can see within range. The creature uses the Lesser Starborn stat block. The Lesser Starborn disappears when it drops to 0 Hit Points or when this Rite ends. The Lesser Starborn is friendly to you and your allies. In combat, it shares your Initiative count but takes its turn immediately after yours. The Lesser Starborn obeys your verbal commands (no Action required by you). If you issue no commands, it takes the Dodge Action and uses its movement to avoid danger.

A Lesser Starborn is an unnatural creature of the outer dark. Its form varies according to the Patron that answered your call. Some resemble eyeless masses of flesh and tendrils, while others appear as twisted creatures stitched together from impossible anatomy and starlit void.

Using Higher-Level Strain. The Lesser Starborn gains 10 Temporary Hit Points for each Strain level above 5.

CALL STARBORN HORROR

Level 9

Type: Summoning Rite

Performing: Action

Range: 120 feet

Duration: 5 rounds

You tear open reality and call forth a true Starborn Horror, a servant of the outer dark that was never meant to enter the mortal world.

When the Starborn Horror manifests, each creature within a 30-foot-radius Sphere centered on a point within range must make a Wisdom saving throw.

On a failed save, a creature takes 10d10 Mind damage, suffers 6 Madness, and gains the Frightened condition for the duration.

On a successful save, a creature takes half as much damage and suffers 2 Madness.

Each other creature that can see or hear the Starborn Horror suffers 2 Madness.

You suffer 6 Madness when you perform this Rite.

The Starborn Horror uses the Starborn Horror stat block. It is not friendly to you or your allies, nor is it inherently hostile to your enemies. The Horror acts according to its own unknowable will.

At the start of each of its turns, roll on the Starborn Horror Behavior Table to determine which action it takes. When determining targets, use your Madness die system.

The Starborn Horror disappears when the Rite ends.
